📍 Chattogram, Bangladesh

EDUCATION

BSc in Computer Science & Engineering

Chittagong University of Engineering and Technology (CUET)

CGPA: 3.59/4.00 (current)

Mar 2022 – Jun 2026

SKILLS

Core: Data Structures, Algorithms, OOP, Problem Solving **Languages:** C, C++, Python, JavaScript
Backend/DB: PostgreSQL, MySQL, MongoDB **Web:** HTML, CSS, React, Node.js, Express.js
Tools: Git/GitHub

EXPERIENCE

Industrial Attachment (CSE-402) — Premier 1888 Ltd.

2 weeks

Chattogram, Bangladesh

- **Odoo ERP:** Analyzed procurement and delivery workflows for export/import operations; helped trace stock transfer inconsistencies across production units.
- **PostgreSQL:** Restored production database (6.41GB) from dump files (schema: ~941 tables) and performed SQL queries across employee, purchase order, and product tables for data analysis.
- **Power BI:** Designed interactive dashboard analyzing 5,021 purchase orders worth 180.23M BDT, visualizing vendor performance, monthly trends, and procurement metrics.
- **Full-Stack Web:** Contributed to an internal web application using Flask, SQLAlchemy ORM, PostgreSQL, HTML/CSS/JS for purchase order and employee management.

ACHIEVEMENTS & CODING PLATFORMS

- **Codeforces:** Specialist (Max Rating: 1433), Solved 1500+ problems
- **CodeChef:** 3★ (Max Rating: 1648), Country Rank: 506, Solved 200+ problems
- **PUC IUPC 2024:** Ranked 24th
- **ICPC Dhaka Regional Preli 2023:** Rank 254 (Honorable Mention)

PROJECTS

- **Simple E-commerce Store** / *Full-stack Web Application*
 - Developed full-stack e-commerce app featuring React storefront with category/product pages, shopping cart, and checkout flow
 - Built secure RESTful APIs with Express and MongoDB, including JWT-based authentication for login/signup functionality
 - Created admin dashboard for product CRUD operations and image uploads using Multer with static file serving
 - Tested platform with 50+ API endpoint requests ensuring reliable performance and data validation
 - **Stack:** React (Vite), React Router, Node.js, Express, MongoDB, JWT, HTML, CSS
- **Age Calculator App** / *JavaScript Application*
 - Built interactive age calculator with real-time updates, input validation, and edge-case handling (leap years, invalid dates)
 - Focused on clean UI design and improved usability for enhanced user experience
 - **Stack:** JavaScript, HTML, CSS
- **Food Ordering Website** / *Frontend Project*
 - Designed responsive menu browsing interface with categorized sections for intuitive navigation
 - Created user-friendly order placement layout using modern CSS styling techniques and responsive design principles
 - **Stack:** HTML, CSS

TRAINING AND WORKSHOPS

Mobile App Development

EDGE Project, Bangladesh Computer Council, ICT Division, 2024

- Completed hands-on training in Android development using Kotlin and Firebase.
